

Will the Biden/Harris Tax Plan Impact My Wallet?

President Biden's tax proposal will undoubtedly evolve as it winds its way through the legislative process.

Abacus's [snapshot](#) captures the key elements of the potential changes. For a quick analysis of whether or not the Biden/Harris tax proposal will impact you, try this [calculator](#). For a deeper dive into all aspects of the plan, *The Deduction* podcast provides an easy-to-follow summary.

From Vaccination to Travel

With COVID-19 vaccinations underway, many of us are dreaming of travel. Abacus recommends keeping abreast of [CommonPass](#)—an app that will document your COVID-19 status *and* protect your health data privacy. [Sign up](#) for an alert to download the app, targeted for release in February. For couch travel, the Abacus team recommends our favorite animal webcams: [Whale Watching](#), [Sea Otters](#), [Hippos](#), and, in May, [Puffins](#)!

Meet Our Team

Abacus is proud to announce that shareholder [Jon Robertson](#) has completed the [Charles Schwab Executive Leadership Program](#). This exclusive, invitation-only program prepares

next-generation leaders to manage and grow organizations. Jon is shepherding Abacus through the adoption of many best practices—from enhancing innovation to embedding positive leadership in our culture. Kudos to Jon for his year-long commitment to [seeking mastery](#).

Abacus in the Community

Just like our children, we are all becoming versant in digital exploration. Abacus recommends perusing two on-line exhibits at the McKissick Museum: [Piece by Piece](#), quilts from the permanent collection of the [McKissick Museum](#) with a focus on this craft as a medium for personal expression and artistic vision; and [Child's Play](#), toys that might inspire a walk down memory lane from Barbie to Lincoln Logs to Nintendo 64. Abacus is a long-time and proud sponsor of the McKissick, which fosters awareness and appreciation of Southern culture and environment.

Athena's Corner: Inflation Regime Roadmap

Will the massive injections of fiscal and monetary stimulus lead to escalating inflation? This Man Institute [webinar](#) discusses the history of

inflationary regimes and the factors that might shift our economy from disinflation to inflation. The [executive overview](#) of the webinar provides a checklist to monitor monetary and fiscal policy changes, the metrics of inflationary pressure, and correlations in the stock and bond market that might signal a regime shift.
